MAKEOVER WORKBOOK

This copy belongs to / room or space

MAKE ROOM FOR LIFE

Same room. Three different stories.

Keep the walls, window and doorway. Change the pieces, turn a chair, or give one corner a new purpose.

A / Stay and talk

An easy conversation area. Notice the sofa, armchair and ottoman facing into the room.

Try a round table instead.

B / A corner just for you

A curved sofa changes the shape of the seating. A reading chair and footstool create a quieter corner.

Which seat would you choose?

C / More than one job

A small desk adds a place to make or write. Keep room to move the chair and reach the door.

What would you use this corner for?

Illustrative furniture and room. These examples are reduced; place the cut-outs on the 1:50 practice room on page 30, or draw your own room on the grid. Check real dimensions and access before buying.

ROOM BUDGET & TIMELINE

Currency	Your total budget	Protected reserve

Include taxes, delivery and installation. Keep your reserve separate. This is a manual worksheet; check every total.

Task / item	Planned	Confirmed	Paid	Still due

Forecast spend	
Still unallocated	

Forecast = confirmed costs + estimates for unquoted items. Unallocated = budget - forecast - reserve. Still due = confirmed cost - paid.

What is worth investing in? What can wait, change or be reused?
